Subject: Learn at Lunch Topic

Hi all,

I have 2 articles that I'd like to use for this month's Learn at Lunch and I'd like your help choosing one. The first is "Pushing Positive Reinforcement" from the Advocate, a faculty publication. The article deals with the problem of students in gen ed courses who feel some of these courses are a waste of time. The second article is titled, "Keep the Magic Alive" which provides tips for instructors to use to "spice up their classrooms." It's from the same publication.

I prefer the "Pushing Positive Reinforcement." It seems to dovetail with our workshop on Dealing with Disruptive Students. Any objections to my using this one for the first Learn at Lunch?

I know that this is short notice, but I'd like any feedback by end of day on Tuesday. I need to get this information published on InsideBC by Wednesday. Thanks.
