## Institutional Research and Planning (IRP)

### \* Student Outcomes: ARCC \*

California State Assembly Bill AB1417 (Pacheco) [Chapter 581, Statutes of 2004] required the Board of Governors of the California Community Colleges to recommend to the Legislature and Governor a workable structure (framework) for annual evaluation of community college performance in meeting statewide educational outcome priorities. Pursuant to AB 1417, the California Community Colleges System Office (System Office) worked with community college institutional researchers and an external panel of nationally recognized experts in higher education accountability to develop the mandated performance evaluation structure, now called Accountability Reporting for the Community Colleges, or ARCC.

Below are Annual Reports which include CA Community College system performance indicators as well as college specific performance indicators, demographic profiles, peer groupings and self assessments. The reports posted here were reduced to include only the colleges in the Kern Community College District. The complete final reports can be viewed at the CA Community College Chancellor's (website link below).

**KCCD ARCC Reports** (the full document reduced to include results for just the KCCD colleges)
