Here is last semester's data from Rebecca that I made a correction to.

Next, this semester's data.

Subject: Spring 2011: Writing Express Results

All:

I just looked at the success and retention for the ENGL B60 portion of Spring 2011's "Writing Express."

ENGL B60: Writing Express – Spring 2011

- 21 enrolled (not counting the three new students)
- 21 retained; 11 passed (with a "C" or higher)
- **Retention: 100% (up by 20.2% over average for ENGL B60)***
- **Success: 52.4% (up by 10.2% over average for ENGL B60)**

As you know, the success and retention for the ACDV B68 portion was as follows:

ACDV B68: Writing Express – Spring 2011

- Retention (24 of 27 enrolled): 88.9% (**up by 2.8% over average for ACDV B68**)
- Success: (24 of 24a passed): 100.0% (**up by 22.3% over average for ACDV B68**)

A good start! Let's see how we do in the fall!

We'll also keep tracking this cohort as they move on through fall 2011 and spring 2012 in other courses to see how they fare.

With thanks to all for your hard work and dedication,
Rebecca
