Equipment Available for Students

Scientific Graphing Calculators TI-83+ & TI-84

Students: Pay your fee early... Calculators are on First Come, First Serve basis only.... we do not accept reservations for calculators.

TI 83+ and TI-84 Scientific Graphing Calculators are available at the beginning of each semester for a low rental fee of **\$10** for the **ENTIRE** semester!! The graphic link cable is an additional \$5. The rental fee is non-refundable and is paid by the student prior to checking out the calculator. The rental fee can be paid at the Business Services office (adjacent to the bookstore). The fee is \$10 if you rent for one hour, one day or the entire semester and is non-refundable.

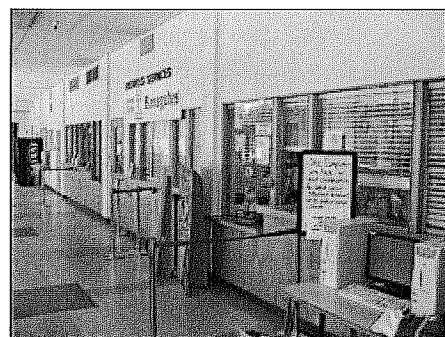

Calculators are available on a first-come, first-served basis - we do not reserve the calculators in advance or hold calculators.

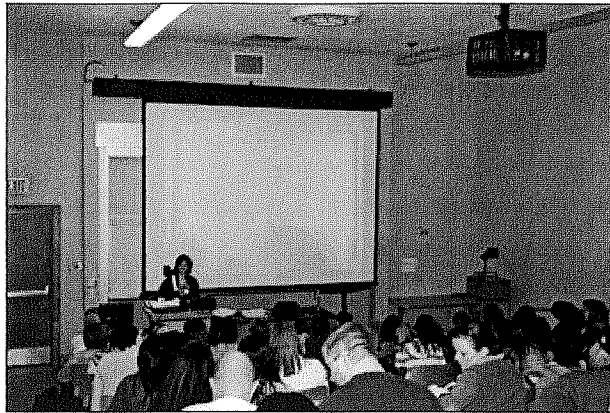

PLEASE NOTE: If calculators are not returned at the end of the semester it is rented, students will be charged a late fee of \$150 and transcripts will have a hold placed on them until the calculator is returned or the fee is paid.

Please pay your fee at Business Services

First pay your rental fee at the **Business Services Office** located next to the Bookstore.

Bring your receipt with you to Media Services and we will check out a calculator to you!

How to Report a Media Equipment Problem

For an urgent problem during a class or event:

Contact us for immediate assistance at 395-4516.

For non-urgent repair or troubleshooting: E-mail us!

Be sure to include your name, phone number, location, and description of the problem and the next time you will need to use the equipment.

Arrange for Classroom Technology Training

Please don't hesitate to contact us for a *quick demo*, a *personal walk-through* or a more *in-depth training* for your department of the audio-visual equipment available for checkout or located in your classroom.

**Reservations must be made
at least 24 hours in advance.**

Scheduling Media Equipment

Call us at **395 - 4516**

or Send us an E-mail (click on the page below)

**Please reserve equipment
at least *24 hours* in advance!**

Equipment orders are accepted and confirmed on a "first-come first-served" basis depending upon the availability of equipment. We will do our best to meet last minute requests, but priority is given to those who have notified Media Services of their needs in advance.

Please be advised that equipment for check out must be picked up by you at our Help Desk.

If you are requesting set up and demonstration of equipment, please notify us ahead of time to schedule a time and location.

Video Conferencing

Video conferencing is an efficient way to conduct meetings and classes across the Kern Community College District!

Administrative videoconferences stretch our entire 25,000 square mile district, Bakersfield, Porterville, the district office, Delano, Ridgecrest, Edwards AFB, KRV-Lake Isabella, Eastern Sierra Centers - Bishop and Mammoth Lakes. We can also connect to any community college in the state via the state sponsored CENIC network. Summer 2010 - Most Administrative Videoconferencing systems are being upgraded!! Stay tuned for more details!

Interactive Television

Media Services supports our two Extended Learning Classrooms in the Library at Bakersfield College - Rooms 147 and 149. Also at the Delano College Center in the main building room 117 and small conference room. It's a great resource for students to be able to take classes that are not offered at the Delano Campus. We also support our Nursing program with classes that link within our entire District: Cerro Coso College: Ridgecrest, Kern River Valley, California City, Eastern Sierra Center (Bishop and Mammoth) and Porterville College.

Video Production

Media Services provides a fully-professional broadcast level video recording service that can assist you with the creation of an instructional video or a special show.

Making a video is a lot like planning a lesson or giving a speech. You know your subject and what you want to say. **We know video!** We can help guide you through the process and provide you with an excellent video that meets your instructional needs.

Fill out our video production request [form](#) or [e-mail](#) us your request!
