

# BAKERSFIELD COLLEGE WRITING CENTER

## Writing Center Mission

Open to all students, the Bakersfield College Writing Center allows students to craft their writing process: from invention and structure to style and mechanics. The student-led sessions will be facilitated by a writing consultant who, along with the student, aims to identify strengths and weaknesses in the student work with the goal of gaining life-long skills for writing independence. The Writing Center's service complements classroom instruction or instructor's office hours. The Writing Center engages students in discussions about their own writings and serves as an inquisitive and thoughtful audience for it.

WRITING CENTER :                      661-3954735
