REVIEW SESSION ASSIGNMENT
EXAM I

Go to Mrs. Garrison’s website and click on the Lecture Reviews link. Print the review questions for your assigned lectures. Answer those questions thoroughly, and study the answers to be prepared to help other students learn that material in our review session next week. In addition, write a paragraph explaining how those review questions that Mrs. Garrison wrote provide a thorough overview of the lecture when you answer them. This paragraph must be typed.

You will turn the paragraph in at the beginning of lab for up to 10 pts.
