STUDY SESSION ASSIGNMENT
EXAM 2 through Final

There will be a group study session during the lab on the dates indicated in your syllabus. The assignment below is worth 10 points. Failure to complete the assignment will result in loss of the privilege of extra credit.

ASSIGNMENT: Every student will be given one lecture topic that will be covered on the next exam. Each student must write three detailed essay questions on their topic, along with complete answers to each question. The assignment must be typed. If an answer involves a diagram, the diagram may be hand-written, but must be legible, easy to understand, and then accompanied by a typed explanation.

MY TOPIC IS _____________________________________________

PURPOSE OF ASSIGNMENT: This assignment provides for study time before the review session. You will come into the session as an expert on at least one topic. The study session will allow for collaborative learning. The instructor may call on individual students to answer questions. If the student is uncomfortable or unable to answer the question, the student may ask another student for assistance, or simply say “pass.”
