WHY STUDY BIOLOGY?

- Biology is interesting and fun 😊
- To understand information that will help with classes in your major (no disciplines stands alone in today’s world) 😊
- To become a knowledgeable voter 😊
- To learn how to provide a healthier environment in which to live 😊
- To assist in making decisions regarding health care for you and your family members 😊
  - ✓ Get more than 7 minutes from your doctor 😊
- To help your kid(s) with their homework 😊
- To sound intelligent to that perspective boyfriend/girlfriend (or even their parents) 😊
- There is intrinsic value to learning new things 😊
