

College Council 2014-15 Self-Evaluation

This survey is for the College Council members to evaluate how well College Council is allocating its time and energy in discussing college wide issues. College Council needs to be intentional in how we allocate our time and resources and in how we move forward. Also, one of the college's strategic directions is "Oversight and Accountability: A commitment to improve oversight, accountability, sustainability, and transparency in all college processes." So, how are we doing? **Please turn in responses by Wednesday, May 6 at 2 PM (email or hardcopy to Nick Strobel)**

The first part is a ten-question multiple-choice survey and the second part is short answers to two questions. (These are the same questions we asked ourselves last September.)
