Habits of Mind: Test-Taking Preparation Strategies

What is your goal for the exam? To earn an “A”, to just pass, what?

What do you plan to do to achieve your goal? Write down at least three things.

What do you plan to avoid, so you can focus on the things you plan to do to achieve your goal?

How will you avoid drama or deal with it & emergencies quickly when they arise?

Schedule days, times, and hours to achieve each step in your plan.

It is not an absence of obstacles that determines success but a refusal to submit to them.

I resolve never to quit, never to give up no matter what the circumstances, for as long as it takes to pass this class because I'm worth it.
