

Student Ed Plan Worksheet

Due Date June 30

This work will be facilitated by your Dean and Counseling. The following people are assigned, ready and willing to help you by area:

Mark Osea
Marissa Marquez
Fabiola Johnson
Grace Commiso

1. Use the blank SEP below to sketch out a course-taking pattern for each program in your area. See attached examples for you to review.
2. Use the General Ed patterns (choices are CSU, UC and BC Gen Ed) to identify specific course selections. We anticipate you may need help from counseling for this part.
3. Create a pattern of course-taking for a full-time student (12-16 units per semester).
4. The goal is to complete the program and GE pattern, if a student is college ready in Math, English and EMLS, in 2 years. GE will be about 39-42 units.
5. Be sure the order of the coursework includes prerequisites taken at appropriate times. For example if selecting PSYC B1B as the Area B2 course in the CSUGE students must first have PSYC B1A (prerequisite for PSYC B1B) listed in a previous semester.
6. Our BC research suggests that the students who complete their English and Math first are more successful – so schedule these classes during the first or second semester.
7. We know that many students are underprepared so we will have Academic Development create a pathway to help students get to college level. Start your pathway at college level.

This PATHWAY IS DUE June 30, 2016 to Mark Osea
