How students enroll

To enroll in a typical course, a student needs to have a:

• Student access code, a valid credit card, or a PayPal account—Students get an access code with a new book purchase or by buying the code separately in a student access kit/card at the campus bookstore. Students can also buy access to a course online with a credit card or PayPal account while they are enrolling.

The student access code is nontransferable and can be used only once.

If a student is waiting for financial aid, they can access your course without payment. This option grants a student temporary access to your course for 14 days. For more information, see To request temporary access.

• Course ID—This number, which identifies your particular course, consists of your last name followed by five digits, for example, wong63229. You must give your students the course ID before they can enroll.

• Email address—The student's registration and enrollment confirmation will be sent to this email address. This address is also available to you, the instructor, for course-based communications.

A student who does not already have a Pearson account and is enrolling for the first time should follow the registration instructions from the Students area of the MyLab & Mastering website.

To assist these students, print the instructions and distribute them, along with the course ID for your course.

A student who already has a Pearson account performs the steps in Registering and Enrolling in a New Subject below to enroll in a new course.

To assist these students, copy the instructions to a document and distribute. You may want to enter your course ID in the space provided in step 2.

Note: Students who need to enroll in another course based on the same textbook as a current or previous course should go through their Pearson Account Profile to enroll. They do not need to use a new access code or make a payment. Direct these students to:

2. Under the list of MyLab & Mastering products, click Enroll in a Course.
3. Enter the course ID received from the instructor of the new course, confirm the course information, and click Continue.

If the student is prompted to provide an access code or purchase course access using a credit card or PayPal, the course materials do not match the previous course. The student should contact the instructor.

4. Click Enter Course Now to start using the new course.

Register and Enroll in a New Subject

1. Go to the MyLab & Mastering website and click Student in the Register area.
2. Enter the course ID you received from your instructor for your new course, and click Continue.

Course ID: _____________________________

3. Follow the instructions to either:
Use a student access code, purchase access online, or request temporary access.

**To use a student access code:**
1. Go to the [MyLab & Mastering website](#) and click Student in the Register area.
2. Enter the course ID provided by your instructor and click Continue.
3. After verifying your course information, enter your username and password, and click Sign in.
